

Remote gripper

The robust remote grippers are allowing a safe and precise handling and rescue of small and medium sized parts.

The frictionless precision coupling ensures an excellent power transmission.

- Jaw assembly with always parallel clamping surfaces
- Max. opening of gripper 100 mm (may be fixed and locked)
- Operating handle may be turned around axis and held in position
- Jaw assembly gripper pads interchangeable
- Option: Angle joint for angles up to 90°, in steps of 15°
- All connections equipped with precision coupling
- Bar of aluminium
- Jaw assembly and coupling of stainless steel
- Gripping pads and clamping surfaces of aluminium, other shapes and material upon request

Remote gripper, complete

incl. removable jaw assembly:

Item no.	Length	Item no.	Length
101158	1.0 m	114774	1.5 m
100943	2.0 m	115669	1.8 m
101156	3.0 m	103664	2.5 m
101157	4.0 m	111069	4.5 m
110063	5.0 m	115370	4.7 m
103222	6.0 m	115512	5.5 m

Extension bars

incl. coupling:

Item no.	Length	Item no.	Length
100944	1.0 m	102490	1.5 m
101038	2.0 m	115253	2.5 m
101336	3.0 m		
101160	4.0 m		
101230	5.0 m	101231	5.5 m
102842	6.0 m		

Single or replacement parts:

Art.-No.	
100945	Jaw assembly, single , incl. precision coupling and gripping pads
103497	Angle joint , incl. precision coupling and gripping pads
100606	Gripping pad , corrugated gripping faces (alum.), single piece

Some models are available off stock. For special production a delivery time of approx. 8 weeks is required.
